ERCI Cybersecurity in Railways Task Force meeting #5

21 March 2019 | AGENDA (Draft)

- 09:00 **Registration, Welcome Coffee and Networking**
- 10:00 **Welcome Message and Opening Remarks**
by Clusters Transport | Mobility | Logistics and ICT | Media | Creative Industries Berlin-Brandenburg and by the European Railway Clusters Initiative ERCI
- 10:15 **Introduction to the Bombardier Transportation Hennigsdorf Production Site & Headquarters Central, Eastern Europe & CIS**
Michael Fohrer, CEO Bombardier Transportation GmbH (Germany)
- 10:30 **Panel Session: Cybersecurity of Railway Operation**
Unauthorized interference with the safety architecture of rail infrastructure and vehicles has a massive and sometimes unpredictable impact on railway operation. What are the challenges posed by the increasing digitalisation of railway operation?
- 11:20 **Panel Session: Cybersecurity of Industrial Processes**
Is cybersecurity in the railway sector only a topic for the big ones? Who can afford cybersecurity? What is the role of standards? How can it be ensured that suppliers can continue to meet the high requirements of OEMs associated with increasing digitalisation of products and industrial processes?
- 12:15 **Lunch Break and Networking**
- 13:00 **Technical Visits**
Virtual Reality Center
Short presentation on how virtual reality technology is being used along the value chain at Bombardier Transportation
Workshop TALENT 3
The final assembly of the next generation of the successful *TALENT* series at a glance
Testing & Commissioning
An overview of Bombardier Transportation's largest test center and its complex infrastructure
- 14:45 **Interactive Sessions: European Expertise on Cybersecurity**
Keynote Speech
Poul-Erik Hansen, CenSec, Member of the North European Cybersecurity Cluster (NECC) and the European Cyber Security Organisation (ECISO)
Introduction to the session (by ERCI)
Interactive Round Tables based on up to five pitches
by members of the ERCI partner clusters
- 16:30 **Get Together and Networking**
- 17:30 **End of all activities**
